INFORMATION OF THE BORROWER, THE MORTGAGOR AND THE GUARANTORS

The Borrower (which is also the Mortgagor) is a company incorporated in New Zealand with limited liability and is engaged in real estate development business and currently holds properties at the Lands and Properties. The Borrower is owned as to 80% by Ms. Liang, being one of the Guarantors and as to 20% by Ms. Wang, being one of the Guarantors.

Each of the Guarantors is an individual who is a merchant and the director and shareholder of the Borrower.

The Borrower is a new customer of the Lender and has no previous business relationship with the Lender prior to the entering into of the Loan Agreement. The Lender was approached by the Borrower through its business network.

To the best of the Directors' knowledge, information and belief having made all reasonable enquiry, the Borrower, the Mortgagor and the Guarantors are Independent Third Parties.

INFORMATION ON THE CREDIT RISK RELATING TO THE LOAN FACILITY

The provision of the Loan Facility is collateralised by the Lands and Properties. The collateral provided by the Borrower for the Loan Facility are sufficient as the loan-to-value ratio of the mortgaged Lands and Properties for the Loan Facility is less than 60% based on the latest total capital value of the mortgaged Lands and Properties for the Loan Facility as set out in the valuation website of the Auckland Council.

The provision of the Loan Facility is made on the basis of the Lender's credit assessments on (i) the collateral and guarantee provided by the Borrower and the Guarantors; (ii) the credit searches on the Borrower and the Guarantors noting that the risks of default are low; and (iii) the financial positions of the Borrower and the Guarantors concluding that the repayment abilities are high. After taking into account the credit assessments as disclosed above and the relatively short-term nature of the Loan Facility, the Company considers that the risks involved in the provision of the Loan Facility to the Borrower are relatively low.

REASON FOR AND BENEFITS OF THE PROVISION OF THE LOAN FACILITY

The Group is principally engaged in the businesses of petroleum exploration and production, solar energy, money lending and investment in securities.

The Lender is a licensed money lender registered under Financial Services Providers (FSP) (Entity) in New Zealand and is principally engaged in the provision of financial services, being a creditor under a credit contract. The provision of the Loan Facility is a transaction carried out as part of the ordinary and usual course of business of the Group.

As mentioned in the interim report of the Company for the six months ended 30 June 2025, the Group commenced its money lending business in New Zealand through the Lender during June 2025. The Group intends to develop a stable source of loan deals from its business network and expand the source of income from the money lending business. The Group aims to make loans that could be covered by sufficient collateral, preferably properties and assets with good quality, and to borrowers with good credit history. The target customer groups of the money lending business are individuals and corporate entities that have short-term funding needs for business purpose and could provide sufficient collateral for their borrowings.

As such, the Directors consider that the provision of the Loan Facility by the Lender is in line with the Company's plan to generate a stable income and in the ordinary and usual course of the Group's money lending business. The terms of the Loan Agreement were arrived at by the parties after arm's length negotiations with reference to the prevailing commercial practices.

Having considered the results of due diligence on the financial background of the Borrower, the Mortgagor and the Guarantors, the collateral provided by the Borrower, the Mortgagor and the Guarantors, and the interest income to be received by the Group, the Directors consider that the terms of the Loan Agreement are on normal commercial terms and are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

IMPLICATIONS UNDER THE LISTING RULES

As one or more of the applicable percentage ratios under Rule 14.07 of the Listing Rules in respect of the provision of the Loan Facility exceeds 5% but is less than 25%, the provision of the Loan Facility constitutes a discloseable transaction for the Company and is therefore subject to the notification and announcement requirements under Chapter 14 of the Listing Rules.
